

Batesville Caskets - Industry Leader

Adding value to your selection room.

Spectra White

Features include 20 gauge steel, continuous seam welded bottom, chemically treated rust prevention technology, innovative locking mechanisms, and an adjustable bed and mattress. Finished with a beautiful, elegant ivory crepe interior and a lifeview panel in the lid used to store photos and precious memorabilia.

Libra Split Lid

Refined styling in premium American Hardwood veneer with a hand-rubbed oil finish, wooden swing bar handle, adjustable bed and mattress. The interior is fitted with a classic elegant rose-tan crepe interior with reversible pillow and overthrow. With enhanced strength and durability, graceful curves and high-quality premium materials, the Libra is preferred by those seeking a classic elegance.

Purchase a Spectra or a Libra and enjoy four month terms OR payment in full if sold prior.

Continued commitment to innovation and customer service, and adding value to the wonderful work you do within the funeral industry.

Batesville Caskets - Industry Leader

As a partner to thousands of funeral homes across North America, Batesville Caskets understand the needs of families and funeral professionals. Batesville Caskets believe that actively working to build a stronger future for funeral service will:

- Help better meet the needs and wants of families who have experienced a loss and start them on the path to healing.
- Deliver innovative products and solutions that make a difference in the lives of families and matter to the funeral industry.
- Help family & friends understand the value of meaningful funerals and plan a tribute that will honor their loved one.
