

Leading Innovation in Funeral Hardware

Never damage a handle again with our Easy-Trim Handle Series.

This new innovative concept in coffin hardware allows the coffin to be trimmed and stored without the worry of damaging the handle finish.

Easily fit the base handle with it's unique six screw system, place in storage and when required, simply clip the cover of choice and the coffin is now ready for use. Resulting in a sturdy damage-free handle, no visible fixings and a modern look.

Designed, engineered and manufactured by Lucentt in New Zealand – Fresh thinking!

Choice of colours and finishes: Gold, Nickel, Bronze, Graphite, Black, Satin.
